

BMWZ SYMPOSIUM

September 29th 2016, Schneiderberg 38, 30167, Hannover

- 10:30** **Tea, Coffee and Posters**
- 11:00 **Dr Soleiman Helaly** (AK Stadler, HZI)
Discovery of Novel Natural Products from Fungi
- 11:20 **Julia Modrejewski** (AK Scheper, TCI)
Aptamers for Cell Targeting and Drug Delivery
- 11:40 **Prof. Dr Alexander Marchanka** (BMWZ)
Structural Studies of Nucleic Acids by Solid-State NMR
- 12:20** **Lunch and Posters**
- 13:30 **Andi Kipper** (AK Kalesse, OCI)
Towards the Total Synthesis of Meridamycin
- 13:50 **Nick Dibbert** (AK Kirschning, OCI)
Modification of Bio-Functional Polysaccharides and Synthesis of Kinase Inhibitors Based on Pyrazole Scaffold
- 14:10 **Prof. Dr Matthias Preller** (MHH)
Targeting the parasitic motor of malaria pathogens with small molecule inhibitors
- 14:50** **Tea, Coffee and Posters**
- 15:30 **Prof. Dr Kira Weissman**, University of Lorraine
Deciphering the structures of trans-AT polyketide synthases
- 16:20 **Prof. Dr Roderich Süßmuth**, Technische Universität Berlin
Chemical Biology of Peptide Natural Products – Structures, Syntheses and Bioactivities
- 17:10** **Close**

- Registration for the symposium is free - but please indicate your attendance to Frau Heike Lovelock (heike.lovelock@oci.uni-hannover.de) to ensure adequate catering.
- Students are encouraged to present posters - please supply details of name, group and poster title to Frau Lovelock.
